

For these/these devices/software we cannot provide any spare parts or support anymore:

Please remark that this list contains only our current standard products. Service will be restricted or not at all possible **for all other ZERA products which are older than 10 years**. If you have any questions, please do not hesitate to contact ZERA service department service@zera.de

- **CCM1000** – Measuring and connecting adapter
- **CheckCon < 3.xx** - Control software for instrument transformer test systems
- **COM303-1, COM303-3, COM3000** - Comparator
- **DS3xx** - Error calculator
- **EPZ301, EPZ305, EPZ303-1** - Reference meter
- **ESxBx00** – Electronic voltage/current burden
- **ET113, ET114, ET115, ET116** - Handheld terminal
- **II6xxx, II7xxx, II8xxx** - Precision transformer
- **MCS** - Software for simulation
- **MT3xx** - Portable reference meter
- **MT400, MT5xx** – Portable source
- **MT3000** – Portable reference meter, portable source, booster, modules
- **MT3606** – Portable test system
- **MT34xx** – AC current clamp
- **RMM303-x, RMM3000** - Reference Multimeter
- **RP, RPE** - Relay test set, source
- **SCBxx-xx-x** – Conventional standard current burden
- **SVBxxx-xx-x** - Conventional standard voltage burden
- **SES20x, SES250, SES30x** - Control unit
- **TK10x, TK30x, TK311, TK323** - Scanning head
- **TPZ1xx, TPZ3xx** - Portable reference meter
- **UB, UBS, UBA** - Load converter
- **V107, V11x** - Amplifier
- **VCS32x** - Portable source
- **VME1xx** - Frequency generator
- **VUI301** – Current and voltage amplifier
- **WinSAM < 6.xx** - Control software for meter test systems
- **WM1xx; WM303** - Measuring bridge
